

Red Hen Systems, LLC

Remove License Process

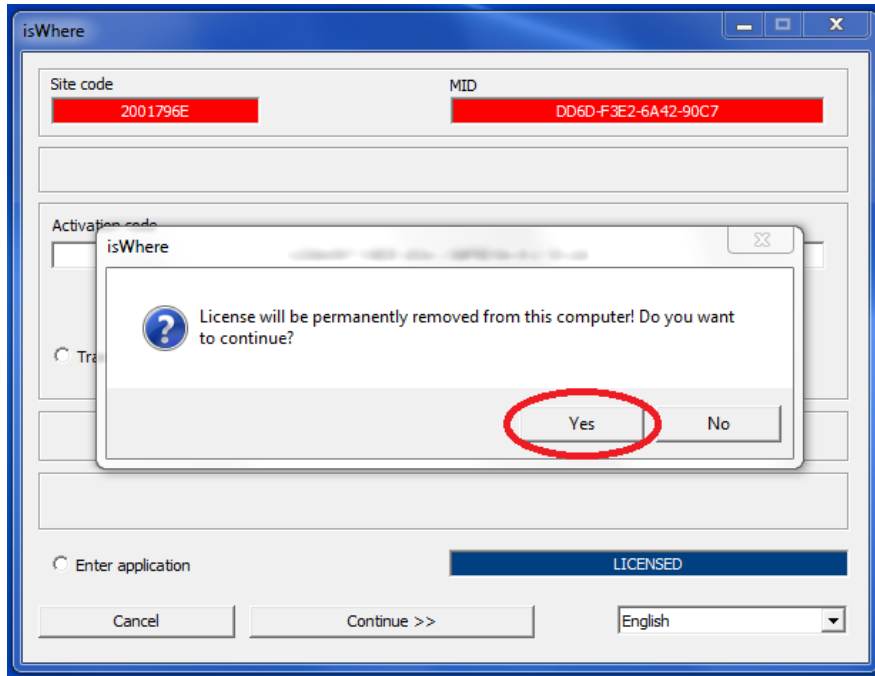

1. Start software
2. Select "remove license" radio button

The screenshot shows the 'isWhere' software window. At the top, there are two fields: 'Site code' with the value '2001796E' and 'MID' with the value 'DD6D-F3E2-6A42-90C7'. Below these is an empty 'Activation code' field. In the center, there are two radio buttons: 'Remove license' (which is selected and circled in red) and 'Transfer license'. To the right of the 'Transfer license' button is a 'New Site code' field. At the bottom, there is a 'LICENSED' status bar, a 'Cancel' button, a 'Continue >>' button, and a language dropdown menu set to 'English'.

3. Enter in the activation code that was used to activate software in the "Activation Code" field.

This screenshot shows the same 'isWhere' software window as the previous one, but now the 'Activation code' field is filled with the alphanumeric string '6208A997-D8DE185A-C88FBD9A-B1C591A8'. This field is circled in red. The 'Remove license' radio button remains selected. All other elements, including the 'Site code', 'MID', 'LICENSED' status, and buttons, are identical to the previous screenshot.

4. Select "yes"

5. Save the presented removal code and press "ok"
